

Billie Brown Building

Customer's Contact Information:

Billie Brown Building
217 E. Central Avenue, Titusville, PA 16354
Ms. Alexa Vroman, Deputy Director, 814.827.7676

Customer Information:

Billie Brown Building is Section 8 and owned and managed by Titusville Housing Authority.

Total Project Cost and Projected Savings:

Project Cost: **\$38,200**
Projected Annual Savings: **\$8,279**

Type of Contact:

Energy Efficiency Program.

Energy Conservation Measures Implemented:

We developed this Energy Efficiency Program for 65 units, 1 Elderly high-rise. Services included an investment-grade energy audit, project development, design, construction/implementation. ECMs installed include water conservation measures, energy-efficient lighting, and hot water pipe insulation.

Energy use and costs prior to project implementation:

Cost determined using the most recent lag year.

| | WATER (gals) | ELECTRICITY (kWh) |
|---------------------|--------------|-------------------|
| Consumption | 1,807,000 | 553,120 |
| Utility Cost | \$19,696 | \$54,040 |

Construction:

The Billie Brown Building project closed on November 2, 2012. Construction was completed in November 2012. Achieved savings data will not be available until the project is in the measurement and verification phase.

Key Project Personnel:

John E. "Gene" Overmyer, Marby Wellington, Leo Radkowski, James Higgins, Anthony Mackin, James Ferreira and Janice Baker (all located in the St. Pete Beach, FL office).
